

Transform your bottom line with Triton.

Achieve significant cost savings and financial transparency.

Inefficient staffing drains your budget.

- **Overstaffing and agency costs spike expenses:** Traditional staffing methods inflate budgets with unnecessary overtime and premium agency rates.
- **No real-time cost oversight:** Poor visibility to real time nursing expenses vs. budget hinders control.
- **Avoidable expenses erode profitability:** Unchecked spending on staffing cuts into financial margins.

Triton: Precision staffing meets financial control.

- **Real-time spend analysis:** Instant monitoring of planned vs. budgeted expenses keeps finances on target, and manages variable costs.
- **Smart staffing cuts overtime and agencies:** Optimized scheduling reduces reliance on costly overtime and agency hires, through optimal use of FTE's.
- **Seamless integration with existing systems:** Syncs effortlessly with HR, payroll, and clock-in tools for streamlined operations and reporting simultaneously on planned vs budget vs actual.

How Triton drives financial performance.

- **Up to 16% cost savings:** Average reduction in nursing expenses over two years.
- **Budget control:** Real-time visibility of the time of staffing ensures adherence and accountability by planners and approvers.
- **Rich reporting:** Interactive financial and utilization reports for smarter decisions.
- **Resource efficiency:** Optimize your nursing float to cut variable costs.

Why Triton stands out

- **Saas:** No hidden costs.
- **Rapid deployment:** Configurable in days, not weeks.
- **Seamless integration:** Connects to any system via Rest API.
